

UUSG Pledge Drive 2022-2023

Whether you are Zooming from near or far for services, classes and meetings, or coming into our beloved Sanctuary to participate and see friends and fellow team members in person, we hope you share the feeling that UUSG is where you come to be surrounded with love. It is where our time, talent and treasure amplify our ability to “promote practical goodness in the world,” to inspire ourselves and others, and model for our young people that this is how we make the world a better place.

How we make this happen is through our pledges - nobody does it for us. It is up to each of us to pledge and give as much as we possibly can, to do the greatest good. We are making terrific progress in our pledge drive and especially in the “Stone Soup Challenge,” but we are not yet where we need to be. Let’s wrap up on April 10th with a celebration and something to really celebrate about. If you have pledged, thank you!!! If you are on the Pledge Drive Team, thank you!!! If you haven’t pledged yet, now is the time — thank you!!!

The beloved folk story “Stone Soup” tells of a hungry traveler who visits a poor village, adds a few stones to a pot of simmering water, and enlists the curious townspeople to help him turn it into a delicious soup that warms and nourishes everyone.

While the villagers think there’s some sort of magic involved in the transformation, “Stone Soup” is really a story of community. A few carrots here, a potato or two there—each person contributing whatever they can to help achieve a greater good.

The same is true of our beloved UUSG community—everyone giving of their time and treasure to support each other on our shared journey. As a congregation, we have experienced unprecedented challenges to our sense of community over the past two years. Physically, we have spent much of this time separated from one another. Yet through it all, we have stayed together in spirit and united in love.

Sustaining and growing our church requires a generous, ongoing financial commitment from each of us. In that spirit, all members and friends are urged to pledge as much as they possibly can during the UUSG 2022-23 pledge drive.
