

## Floor Us With Your Donation!

**We are 88% of the way there!**

[The Common Room remodeling project](#) was initiated to address one of our strategic goals of attracting new members-- make the space more welcoming to newcomers and more comfortable for congregants by updating the décor and technology; opening up floor space for less crowding; and providing some sound muffling-- all while keeping the area flexible and useable for a variety of purposes. [We accomplished a great deal](#), all on a shoestring budget...except for the carpeting, which cost **\$13,500**. We are fortunate to have already raised **\$11,612.94!** We are looking to raise the additional **\$1,887.06** so the entire carpet project can be paid for. A carpet square costs \$40, so we only need another 50 people to donate the cost of one square.

We chose carpet that will last for many years to come, so your donation is a gift that you and your fellow congregants will appreciate for a long time.

Give a lot. Give a little. Every dollar helps. We'd like to get this wrapped up by October 8, so please indicate "CARPET" in the subject line on your check and mail or drop off as soon as possible. If you prefer to [donate online](#) please select "Carpet" from the drop-down menu when giving. [UUSG.org/donate](https://UUSG.org/donate).

Note that donating to the carpet project does not replace the dollars you have already pledged to the operating budget of the church for the 2022-23 year. Thank you for your generous giving!
