

October is Fire Prevention Month

The Emergency Response Committee would like to remind everyone of a few points about fire safety.

In the event of a fire drill, do you know/remember what you need to do? Key things to remember:

- 1) Always choose the closest exit upon hearing the fire alarm.
- 2) Help or assist anyone near you needing help.
- 3) Know that the “gathering point” for all exit doors, except James Street, is the sidewalk in front of the Patton House, move south to the corner. For the James Street exit (technology room) please gather in front of Harvey’s Tales. Please do not go to your car or cross the street. It is important to stay out of the way of emergency vehicles and first responders.
- 4) Please stay at the “gathering point” until an “All Clear” is issued. It is important that everyone is accounted for; at that point you can reunite with family members. If students are involved, they will stay with RE teachers until the “All Clear” also.

We encourage you to have practice fire drills in your home with family members.
