Congregation,

I am writing to thank you for your contribution to Itasca County Habitat for Humanity. We appreciate this generous gift.

It is through gifts like yours that Habitat is able to accomplish our goal of providing decent, affordable housing for families in our county. It takes the cooperation of many individuals to accomplish this and it is heartwarming when we witness the family move into their new home and see their excitement, knowing this is a new beginning.

Itasca County Habitat for Humanity Affiliate is a private non-profit organization, under the auspices of Habitat for Humanity International and is a 501(c) (3) tax-exempt organization. This donation will be used by the ICHFHA in its mission to build community partnerships to provide affordable housing.

Again, thank you for your generous donation.

In Partnership.
