

Dear Community of the Unitarian,
Universalist Society of Newwa-

Thank you so much for your
incredibly generous gift to our
agency. We deeply appreciate
your visionary compassion which helps
us assist more than 3,900 indivi-
duals requesting and needing
mental health programs in 2014.
Your gift helps us serve the over 90%
of clients who are not able to pay
the full fee. We never turn anyone
away based on their inability
to pay because of people like
yourselves!

Please let us know if you
would like a therapist come speak
to you so you can learn in
greater details about our agency,
its people and programs. Again,
Thank you for your steadfast
support!

With deep gratitude,
Sasha Urban
